

IBB Institute Colloquium

SoSe 2021

Talks and Dates

Thu., 22.04.2021 **16:00 to 17:30**
Speaker: Dr. Oliver Kamps, University of Münster
Title: "Identification of dynamical systems from data - sparsity, causality and mode decomposition"

Thu., 29.04.2021 **16:00 to 17:30**
Speaker: Dr. Till Schneider, UK Eppendorf
Title: "Modulation of cognitive and perceptual processing by transcranial electric stimulation"

Thu., 06.05.2021 **16:00 to 17:30**
Speaker: Dr. Daniel Kluger, University of Münster
Title: "Respiration aligns perception with neural excitability"

Thu., 20.05.2021 **16:00 to 17:30**
Speaker: Dr. Marios Antonakakis, University of Crete
Title: "Combined EEG/MEG and tES in Epilepsy"

Thu., 10.06.2021 **16:00 to 17:30**
Speaker: Asad Khan
Title: "Targeted multi-channel tDCS optimization for an individualized stimulation of the somatosensory cortex"

Thu., 17.06.2021 **16:00 to 17:30**
Speaker: Dr. Marta Andreatta, University of Rotterdam
Title: "Evidence for impaired extinction learning in humans after distal stress exposure"

Thu., 24.06.2021 **16:00 to 17:30**
Speaker: Nikos Chalas, University of Münster
Title: "Speech tracking beyond auditory cortex"

Thu., 01.07.2021 **16:00 to 17:30**
Speaker: Prof. Harald Schupp, University of Konstanz
Title: to be announced

Goal

Goal of this colloquium is to discuss topic on current research work off the institute as well as to give the possibility to colleagues from other institutions working on related topics to present their work. The colloquium is a forum for experts working in the field of human Neuroscience, but also for students and PhD students from the faculties of Medicine, Psychology, Biology, Physics and Mathematics, who are interested in the field of Neuroscience.

Venue

The colloquium will take place in the Seminar-Room of the Institute of Biomagnetism and Biosignalanalyses of the University of Münster, Malmedyweg 15, 48149 Münster

Further Information
