

IBB Institute Colloquium

SoSe 2023

Talks and Dates

Goal

Goal of this colloquium is to discuss topic on current research work off the institute as well as to give the possibility to colleagues from other institutions working on related topics to present their work. The colloquium is a forum for experts working in the field of human Neuroscience, but also for students and PhD students from the faculties of Medicine, Psychology, Biology, Physics and Mathematics, who are interested in the field of Neuroscience.

Venue

The colloquium will take place in the Seminar-Room of the Institute of Biomagnetism and Biosignalanalyses of the University of Münster, Malmedyweg 15, 48149 Münster
