

How to send a blood sample

1. Open a browser and go to <https://www.npc-test.com/>

2. Enter your email and password to login:

A screenshot of a login page titled 'login'. It contains the instruction 'Please enter your email address and password.' Below this are two input fields: the first contains 'my-email@universe.all' and the second contains a masked password '.....'. To the right of the password field is a blue 'login' button with a mouse cursor hovering over it. At the bottom left are links for 'forgot password' and 'register'.

3. If you don't have an account yet please click on „register“ first and follow the procedure.
4. Once you're logged in click on „add new patient file“:

5. All fields are required. Fill in the data and press „save patient file“.
