

Pilot Projects of the Clinical Research Unit

PhD students and postdocs (including MDs) can apply for **start-up funding of 10.000-15.000 € for their own research projects** in the field of male reproduction.

Your application should include:

- 1.) current state of research
- 2.) own preliminary data
- 3.) aims, hypothesis, work schedule
- 4.) estimated costs for consumables

Please send your application (max. 3 pages) and your CV as one PDF file to malegermcells@ukmuenster.de. Next deadline: June 10th 2018.
