Curriculum Vitae

Your academic curriculum vitae serves to present your personal profile. It helps the Executive Board of the SFB 1748 in conducting their review and evaluation of your academic achievements and qualifications. The SFB 1748 Office refers to the curriculum vitae to check you are eligible to apply as well as to see whether there may be any conflicts of interests on the part of reviewers and committee members. All the following details are required unless anything is stated specifically to the contrary.

The text in red font provides you with information when preparing your CV. Please remove these texts completely after filling in the CV.

1. Personal Data

Title	
First name	
Name	
Current position	*If applicable, specify the end of the contract term.*
Current institution(s)/site(s), country	
Identifiers/ORCID	*ORCID-ID: Applicants who have an ORCID ID are asked to provide it. Applicants who do not have an ORCID ID are invited but not obliged to create one.*

2. Qualifications and Career

Stages	**Periods and Details**
Degree programme	***Subject, period, place, country***
Doctorate	***Date, supervisors/mentors, subject*** *(subject is optional), institution(s), country*
Stages of academic/professional career *(optional after doctorate)*	*Activities relevant to the proposal should be listed chronologically (the most recent at the beginning), indicating period, stage/position and institution, e.g. research stays, post-doctoral lecturing qualification (topic/subject, supervisor), activities at universities/non-university institutions, clinical activities/activities in patient care, experience and qualifications in conducting clinical trials (qualification as an investigator or trial team member as well as regulatory and methodological expertise), activities in industrial research, activities in other sectors, start-ups, voluntary activities, etc.*

Supplementary Career Information *optional; free text*

*You may **voluntarily** enter supplementary information relating to your career or special personal circumstances if you feel that this information may be relevant to the appropriate review and evaluation of your academic achievements. Examples of special personal circumstances or delays that can be recognised include periods of absence due to childcare responsibilities, maternity leave, parenting or child-rearing periods, chronic/long-term illness, a disability or particular family obligations such as caring for relatives as well as pandemic-related downtimes. Time delays in an academic career may also be indicated, e.g. for persons who are the first in their families to pursue an academic career ("first-generation academics"), for various compulsory and voluntary services, language acquisition, migration or integration phases, displacement or asylum procedures. **Please do not mention any information about third parties, or as little as possible.***

*This allows such things as **biographical peculiarities or unavoidable delays (of at least 2-3 months per year)** in your academic career to be appropriately taken into account in your favour as part of the review and comparative assessment.*

3. Activities in the Research System

Here you can provide information on other activities you have pursued within the research system. This includes committee involvement, activities in the field of academic self-governance, organisation of academic events, activities in teaching and mentoring.

[free text, please overwrite]

4. Supervision of Researchers in Early Career Phases *optional, free text*

[free text, please overwrite]

5. Scientific Results | Publications *Part A required, Part B optional; free text*

These details fall into two categories:

Category A *required, free text*

*In this category please enter articles in peer-reviewed journals, peer-reviewed contributions to conferences or anthology volumes, and book publications. A **maximum of 10 items** may be listed.*

[free text, please overwrite]

Category B *optional, free text*

Here you can cite any other form of published research results. This might include articles on preprint servers and non-peer-reviewed contributions to conferences or anthology volumes, data sets, protocols of clinical trials, software packages, patents applied for and granted, blog contributions, infrastructures or transfer. You may also indicate other forms of academic output here, such as contributions to the (technical) infrastructure of an academic community (including in an international context) and contributions to science communication. ***This second category is also restricted to a maximum of 10 items.***

[free text, please overwrite]

6. Third-party funding[1] of the applicant (principal investigator), if applicable

Please list your current and/or expired third-party funding in the table. Note: Include the names of all applicants in the order of project management.

Principal Investigator(s)	Title of the Grant	Funding organisation and project No.	Funding Period (MM.JJ – MM.JJ)	Amount p.a.
				0
				0

7. Academic Distinctions *optional, free text*

Here you can enter details of any distinctions or awards you have won. This also includes invitations or appointments to prominent bodies or academies.

[free text, please overwrite]

[1] Please only list peer-reviewed third-party grants!

8. Other Information *optional, free text*

Here you can refer to further points that characterise you as an academic or mention other aspects such as dual-career issues (potentially requiring a particular choice of location, for example) which you feel are relevant to the review or evaluation of the proposal.
