

Scientific Programme

2nd International Symposium SFB TRR 58: Fear, Anxiety, Anxiety Disorders

Würzburg, 15.-17.09.2011

Location: Neue Universität
Lecture hall: Audimax
Address: Sanderring 2, Würzburg

Thursday, 15.09.2011

- From 12:00:** Registration (main entrance)
From 14:00: Mounting of posters at the Lichthof of the Neue Universität
- 16:00-17:00:** **TRR SFB 58 membership assembly at the Audimax** (for SFB PIs only)
- 17:30-17:45:** **Introductory remarks by Jürgen Deckert** (Würzburg)
17:45-18:45: **Plenary lecture by Jonathan Flint** (Oxford, UK):
Mapping the genetic basis of anxiety in mice
- 19:00-21:00:** Get-together with wine and cheese (area: Lichthof; all participants)

Friday, 16.09.2011

- 09:00-12:00:** **Session A, Chair: Hans-Christian Pape** (Münster)
- 09:00-09:30:** **Sheena Josselyn** (Toronto, Canada):
Making and breaking fear memories in mice
- 09:30-10:00:** **Markus Fendt** (Basel, Switzerland):
The role of amygdaloid metabotropic glutamate receptors in fear and anxiety
- 10:00-10:30:** **John Cryan** (Cork, Ireland):
Genetic and environmental studies into the role of GABA B receptors in anxiety
- 10:30 - 11:00:** **Coffee break**

- 11:00-11:30:** **Klaus-Peter Lesch** (Würzburg):
Molecular determinants of epigenetic regulation
- 11:30-12:00:** **Young Scientists** presentations (2 speakers)
- 12:00 – 13:00:** **Lunch Break**
- 12:00 – 15:00** **Poster session (area: Lichthof)**
- 14:30 – 15:00:** **Coffee break**
- 15.00-18:00: **Session B, Chair: Christian Büchel** (Hamburg)
- 15:00-15:30:** **Wolfgang Miltner** (Jena):
Peculiarities of information processing and neural foundations of cognitive behavioral therapy in phobics
- 15:30-16:00:** **Paul Pauli** (Würzburg): Mechanisms of context triggered anxiety
- 16:00-16:30:** **Kevin LaBar** (Duke University, USA):
Perceptual and conceptual generalization of learned fear in humans
- 16:30-17:00:** **Markus Junghöfer** (Münster):
Rapid and highly resolving associative affective learning
- 17:00-18:00:** **Young Scientists** presentations (2 speaker)

Saturday, 17.09.2011

- 09:00-12:00: **Session C, Chair: Andreas Reif** (Würzburg)
- 09:00-09:30:** **Steve Hamilton** (San Fransico, USA):
Genetic studies of panic disorder
- 09:30-10:00:** **Uli Wittchen** (Dresden):
Developmental pathways of anxiety disorders
- 10:00-10:30:** **Heinrich-Hoffmann-Lecture, Thalia Eley** (London, UK):
Gene-environment interactions in the development and treatment of child anxiety
- 10:30-11:00:** **Coffee break**
- 11:00-11:30:** **Jürgen Deckert** (Würzburg):
Therapeutic perspectives of anxiety disorders
- 11:30-12:00:** **Young Scientists** presentations (2 speakers)
- 12:00-13:00:** **Plenary discussion and concluding remarks**
